

SUMMARY

Full Stack Software Developer with hands-on experience in building scalable web applications using the MERN stack. Strong understanding of frontend and backend development, REST APIs, databases, and CI/CD workflows.

TECHNICAL SKILLS

Languages	: JavaScript, Typescript,Python, HTML5, CSS3
Frontend	: React.js, Tailwind CSS, Bootstrap
Backend	: Node.js, Express.js, FastAPI, REST APIs
State Management	: Redux, Zustand
Databases	: MongoDB, MySQL, Sequelize, PostgreSQL
Dev Tools	: Git, GitHub, Postman, CI/CD

EXPERIENCE

Web Development Intern / Fullstack Developer <i>Scalefull Technologies LLP</i>	Jun 2025 – dec 2025 <i>Wakad, Pune</i>
- Developed scalable fullstack web applications using React.js, Node.js, Express.js, and Tailwind CSS. - Designed and implemented RESTful APIs with proper validation and authentication. - Worked with MongoDB and MySQL databases using Sequelize ORM. - Followed MVC architecture to maintain clean and reusable backend code. - Collaborated using Git/GitHub and followed Agile development practices. - Hands-on experience with CI/CD pipelines for automated builds and deployments. - Demonstrated strong communication and interpersonal skills with professional English fluency while collaborating with cross-functional teams and stakeholders.	

PROJECTS

Chatzy – Fullstack Chat Application	<i>React.js, Node.js, Express.js, MongoDB, Socket.io</i>	Source Code
- Built a real-time fullstack chat application enabling instant messaging between users. - Implemented Socket.io for real-time communication and online user presence. - Used MongoDB to store users and chat message history efficiently. - Designed RESTful APIs with Node.js and Express.js following clean backend architecture. - Deployed the application on Sevalla with an understanding of CI/CD workflows.		
Doctor Appointment System – Fullstack Application	<i>React.js, Node.js, Express.js, MySQL, Sequelize</i>	Source Code
- Developed a web-based doctor appointment booking system with patient and doctor modules. - Implemented appointment scheduling, availability management, and secure data handling. - Used MySQL with Sequelize ORM for structured relational data storage.		
Recipe Sharing App – Fullstack Application	<i>React.js, Bootstrap, Node.js, Express.js, MongoDB</i>	Source Code
- Developed a fullstack recipe sharing platform allowing users to create, view, like, and delete recipes. - Implemented user authentication and authorization using JWT to secure features such as commenting, liking, and deleting recipes. - Integrated MongoDB for efficient storage and retrieval of user profiles and recipe data. - Built responsive UI using React.js, React Router, and Bootstrap with seamless API integration via Axios.		

EDUCATION

Savitribai Phule Pune University <i>BBA-CA (Bachelor of Business Administration in Computer Application)</i>	Pune, India <i>Aug 2022 – May 2025</i>
Higher Secondary Certificate (HSC) <i>Vidyadham Prashala Shikrapur</i>	<i>2020 – 2022</i>
Secondary School Certificate (SSC) <i>Vidyadham Prashala Shikrapur</i>	<i>2019 – 2020</i>
